

Figure C12.F2. Input for HMA Congressional Report

**[CCMD] Input for HMA Congressional Report**

The Department of Defense is authorized by Title 10 U.S.C. 407 to provide supplies, equipment, and services (SE&S) to participating partner nations (PNs) in a worldwide amount not to exceed a specified limit. SE&S support during FY 20XX totaled \$X,XXX,XXX.

<b>Partner Nation (PN)<sup>1</sup></b>	<b>Total Cost (\$000)<sup>2</sup></b>	<b>SE&amp;S Cost (\$000)<sup>3</sup></b>	<b>Type HMA Activity<sup>4</sup></b>
Country X	170	125	1, 3, 4
Country Y	190	36	1, 2, 4
Country Totals	360	161	
HDTC	78	37	
Grand Total	X,XXX,XXX	X,XXX,XXX	

Demining assistance and/or stockpiled conventional munitions assistance was not provided in the following PNs during the preceding fiscal year due to insufficient numbers of DoD personnel:

(list of countries)

Note<sup>1</sup>: List of PNs in which humanitarian demining assistance or stockpiled conventional munitions assistance was carried out during the preceding year.

Note<sup>2</sup>: The total amount expended in carrying out such assistance in each PN.

Note<sup>3</sup>: The amount expended to provide supplies, equipment, and services in each PN.

Note<sup>4</sup>: Type of HMA assistance carried out in each PN. HMA activity type codes are as follows:

- 1) Personnel TDY and travel, RDSS completion (all expenses which are not SE&S)
- 2) Demining, and survey, marking, mapping, clearance, disposal, and quality assurance/control training;
- 3) PSSM, to include training and technical assistance with respect to explosive safety, disposal, demilitarization, physical security, and stockpile management;
- 4) Casualty care training, to include first responder/advanced medical, surgical, and rehabilitation training;
- 5) ERW disposal training and mine risk education and awareness.
