MEMORANDUM FOR:

Deputy Assistant Director for Weapons (DSCA/IOPS/WPNS)

SUBJECT: Letter of Request (LOR) Advisory - [Insert Country or International Organization Name]

The LOR Advisory should include the following information, if available, with the initial recommendation on whether a U.S. targeting capability should accompany the case being central to DSCA WPNS response:

1. Whether the IA supports release of the munition, delivery platform, warhead, and/or fuze to the country;
2. Whether the requested transfer would be the first for the specified munition/platform to the country, or whether the country already has the requested munition/platform in its inventory;
3. If the LOR includes a request for munitions, then list on what platform(s) the munition(s) will be integrated;
4. If the LOR includes a request for delivery platforms, then list what munition(s) the IA reasonably expects the country to employ using the platform;
5. Quantity of munition(s) requested, if applicable;
6. Whether mission planning and/or targeting capabilities are included in the request;
7. Whether the country has targeting tools for TCM, weaponeering, and/or CDE currently in their inventory, if known, and if they are used by the Service/unit that will be receiving this transfer [reference the DSCA, Office of International Operations, Weapons Directorate (IOPS/WPNS) Targeting Infrastructure Management Portal (not publicly available), if answer not already known];
 - a. If the country has targeting tools, whether the country received munition-specific data for the relevant munitions, if known [reference the DSCA, Office of International Operations, Weapons Directorate (IOPS/WPNS) Targeting SharePoint site].
8. An initial recommendation on whether a U.S. targeting capability for TCM, weaponeering, and/or CDE should accompany the munitions and/or delivery platform case;
9. Any other relevant comments.
