This memorandum updates Generic Codes in SAMM Appendix 4 to support tracking of ground launched missiles and airfield support equipment transferred through security cooperation and security assistance activities. Generic Codes are used on every Military Articles and Services List (MASL) to categorize defense articles and defense services provided on Letters of Offer and Acceptance (LOA). Generic Codes for earlier forms of ground launched missiles that have never been included on LOAs are deactivated for future ground launched missiles.

If you have questions on this memorandum or general questions on the SAMM, please contact DSCA (Office of Strategy, Plans, and Policy, Execution Policy and Analysis Directorate (SPP/EPA)) at dsca.ncr.spp.mbx.epa@mail.mil. Please reference the DSCA policy number and memorandum subject.
