

DETERMINATION

Regarding the Lease of [insert Defense Articles]
 To the Government of Bandaria

Pursuant to Section 61 of the Arms Export Control Act
 [Lease Designator]

I hereby determine that [insert defense article] (and if applicable -- all associated nonexpendable support equipment, including, but not limited to, tools, ground support equipment, test equipment and publications) are not for the time needed for public use.

I further determine that there are compelling foreign policy and national security reasons for providing such Defense Articles to [insert Country or International Organization] on a lease basis rather than on a sales basis under the Arms Export Control Act.
